SURE SHE'LL TAKE MILITARY!

But M. U. Co-ed, Enlisted by Mistake, Refuses to Go It Alone.

Throughout the University the "woman's equal rights" movement seems to be gaining ground. Women are enrolled in the School of Law and in the College of Agriculture, but the latest is a woman enrolled in the University Cadet Corps.

When Lieutenant C. McH. Eby received a course card for Jewell Palmer, a senior in the School of Education, he thought nothing of the matter. The card bore the signature of Isidor Loeb, dean of the University faculty.

When Jewell Palmer failed to put in an appearance to be measured for uniforms, Lieutenant Eby instructed Colonel H. B. Gibson to call "Mister" Palmer over the telephone. The colonel saw the joke, however, as he is acquainted with the young woman.

Nevertheless, obeying his orders, he got "Mister" Palmer on the wire. Her "enlistment" was news to her—some mistake having been made during registration—but she said she believes in military preparedness, and will be glad to serve in the cadet corps if some other young women can be found to drill with her.

White Eagle Pasteurized Milk Is Health Insurance

"Better be safe than sorry" aptly emphasizes the caution you should use in choosing your milk dealer.

These few points about pasteurized milk are well worth your attention. They should be of vital interest to every milk user.

1. Pasteurized milk is as pure as modern science can make it.
2. It keeps longer without souring than ordinary milk.
3. It is the "Safety First" milk.
4. Sweeter than ordinary milk.
5. And finally, it costs no more than unpasteurized milk—the unsafe kind.

Phone 360 to-day. We'll deliver White Eagle Pasteurized Milk—the Health Insurance Milk—to your home tomorrow morning. You'll like it, too.
